Education

MPSTME, NMIMS University	2024 - 2028
B. Tech in Data Science	
CGPA: 8.53	
Rishi Junior College	2022 - 2024
TGBIE: 95 %	
Keshava Reddy School	2022
SSC: 90.5%	

Projects

Gamethon – College Gaming Tournament Platform

- Developed a web platform that enables students to register and participate in gaming tournaments in a centralized system.
- Implemented features such as player registration, tournament listings, game catalog, and leaderboard tracking.
- Designed an interactive and responsive user interface using HTML, CSS, and JavaScript.

Customer Churn Prediction Using Machine Learning

- Developed a machine learning model to predict customer churn using historical customer data.
- Performed data preprocessing, feature analysis, and visualization using Pandas, NumPy, Matplotlib, and Seaborn.
- Implemented predictive models using Scikit-learn to analyze customer behavior and improve retention strategies.

Fake Product Review Detection Using Machine Learning

- Developed a machine learning model to detect fake or spam product reviews using text-based data.
- Performed data preprocessing, feature extraction, and text analysis to identify patterns in fraudulent reviews.
- Implemented classification algorithms using Python and Scikit-learn to classify genuine and fake reviews.

Internships

Open to Internship Opportunities

Actively seeking internship opportunities in Software Development / Data Science / AI & ML to apply technical skills in real-world projects and gain industry experience.

Certifications & Publications

MongoDB Workshop

Completed a two-day hands-on workshop on MongoDB covering NoSQL databases, document-based data modelling, CRUD operations, and database management.

Be10x AI Tools Workshop

Learned practical applications of AI tools for automation, productivity, and problem solving.

Cohort 15 Program – Google AI-ML

Completed a training program focused on AI/ML concepts, practical implementation, and collaborative project development.

CORE SKILLS

Technical Skills

- **Programming:** Python, C++, R
- **Web Development:** HTML, CSS, JavaScript
- **Machine Learning:** Scikit-learn
- **Data Science:** Data Analysis, NumPy, Pandas
- **Data Visualization:** Matplotlib, Seaborn, Power BI
- **Database:** SQL, MongoDB
- **Tools:** MATLAB

Soft Skills

- Communication
- Teamwork
- Problem Solving
- Analytical Thinking
- Time Management

Achievements and Positions of Responsibility

- Runner-Up – ROBO RUMBLE 2025 Robotics Competition
